The 2009 Cancer Projections are estimated using the North Carolina 2002-2006 invasive cancer incidence rates and 2003-2007 cancer mortality rates applied to the 2009 population estimates. The 2009 population estimates used for the projections are available at:

http://www.osbm.state.nc.us/ncosbm/facts_and_figures/socioeconomic_data/population_estimates/county_projections.shtm.

Note: Projections prior to 2009 are based on SEER cancer rates and the NC population estimates. The projections for 2009 are based on NC cancer rates and NC population estimates. Hence the projection estimates between years are not comparable.
